Our Essence

THE STORY

Balance and Wellness is a quiet pause in an overstretched day. We offer massage and bodywork rooted in the belief that care for the body is care for the whole self — breath, mood, and spirit held alongside muscle and bone.

OUR MISSION

To restore balance — through skilled touch, intentional space, and unhurried attention — so that every guest leaves a little more themselves than when they arrived.

OUR VALUES

Stillness

We protect quiet — in our rooms, our rituals, our design.

Presence

Undivided attention is the most generous thing we offer.

Craft

Skilled hands, continuous learning, lasting respect for the work.

Warmth

Every guest is met as a person, not a booking.

Honesty

We promise only what we can truly deliver.

The Logo

Our logo is a considered pairing: a refined serif for "Balance", grounded and composed; and a hand-drawn script for "and Wellness", warm and human. Together they express our promise — steady, personal care.

PRIMARY LOGO

Use on cream (#EAE2D2) and light neutrals

The primary logo is centered within a light beige rectangular background. It features the word "Balance" in a dark grey, refined serif font. Below it, the words "and Wellness" are written in a warm, brown, hand-drawn script font.

Balance
and Wellness

Clear Space & Sizing

Maintain breathing room. The logo's serif letterforms and script flourish require space to be read as they were intended — elegant, calm, unhurried. Never crop, crowd, or squeeze the mark.

Do not go smaller

Logo Usage

Protect the integrity of the mark. A consistent logo builds trust over time.

ALWAYS

Use the master logo files. Keep the correct colour relationship. Place on cream, soft stone, or deep teal backgrounds only. Preserve the clear space defined on the previous page.

The image displays a brand identity color palette. It consists of three vertical columns, each representing a different color. The first column is 'Cream', the second is 'Deep Teal', and the third is 'Warm Gold'. Each column has a large colored square at the top and a white text box at the bottom containing the color's name and its corresponding Hex, RGB, and CMYK values.

Color Name	Hex	RGB	CMYK
Cream	#EAE2D2	234 226 210	7 10 18 8
Deep Teal	#3E4F56	62 79 86	73 53 46 52
Warm Gold	#B28B5D	178 139 93	24 42 65 9

07

Typography

Our typography echoes the logo: an elegant serif for composure, a script for warmth, and a soft sans-serif for clarity in daily use.

DISPLAY • BENTON MODERN D LIGHT

Balance

Used for: headlines, section titles, quotes. Light & Regular weights only. Never all-caps above 12pt.

Licensed via Font Bureau. Fallback for unlicensed environments: Lora or Playfair Display.

ACCENT SCRIPT • DOMESTIC SCRIPT

and Wellness

Used sparingly — only as an accent beside the primary serif. Never set full sentences in script. Warm gold or deep teal only, never on busy backgrounds.

Licensed via Creative Market. Fallback: Great Vibes or a comparable elegant script.

SUPPORT • LATO

Restore • Release • Return

Used for: body copy, UI, signage, forms, and any text under 14pt. Prefer Light or Regular. Bold reserved for labels and navigation.

HIERARCHY EXAMPLE

SECTION LABEL • LATO BOLD 8 / TRACKED

A quiet hour, well kept.

Body copy sits in Lato Light, tracked normally. Line length 55–70 characters. Leading generous — at least 1.4× the type size.

Voice & Tone

We speak the way our rooms feel: calm, warm, and present. Short sentences. Plain words. No wellness jargon, no exclamation marks, no pressure.

Warm

not gushing

Grounded

not clinical

Calm

not sleepy

Personal

not familiar

WE SAY

- A quiet hour, well kept.
- Book a massage that actually lets you rest.
- Come as you are. Leave a little lighter.
- A sixty-minute Swedish massage — nothing more, nothing less.

WE DON'T

- Unlock your ultimate wellness transformation!
- The #1 massage experience in town — limited spots!
- Reset your chakras and manifest your best self.
- Book now or you won't miss out!!!

"A brand that whispers is trusted more than one that shouts."

OUR GUIDING PRINCIPLE

Imagery

Photography is soft, natural, and quiet. We favour morning light, neutral palettes, and unstyled moments — warm skin, linen, stone, water, still objects. No stock clichés.

Soft light

Warm skin

Stone & linen

Still water

DO

- Natural daylight, diffused
- Neutral wardrobes — linen, ivory, taupe
- Hands, breath, texture — close and quiet
- Negative space and stillness

DON'T

Harsh flash or mixed colour temperatures
 Branded activewear or visible logos
 Overly posed "client satisfaction" shots
 Clutter, bright props, tropical saturation

In Application

A sample of the system applied across common surfaces. The principles remain constant: cream stage, teal ink, gold restraint, ample air.

THANK YOU

Tend to the brand the way we tend *to every guest.*

Keep things consistent, quiet, and considered. When in doubt, ask: does this feel like a place where someone could exhale? If yes, it's on brand. If no, take another pass.
